Digital TDS Meter (Pen Type)

A pocket TDS meter that shows the total dissolved solids in water within seconds. Use it to check tap or borewell water, see whether a purifier is working, or decide what kind of purifier you need.

Measuring range	Form	Resolution
0–2,000 ppm	**Pen type**	**1 ppm**

Highlights

- Reads 0–2,000 ppm in steps of 1 ppm, on a clear digital screen.
- Dip, wait a few seconds, read. No strips or charts.
- Switches itself off after 10 minutes to save the battery.

Used in

- Checking home water before buying a purifier
- RO service and installation
- Water treatment plants
- Aquariums and hydroponics
- Packaged water units

Specifications

Measuring range	**0–2,000 ppm**
Form	**Pen type**
Resolution	**1 ppm**
